'BLUE MOUSE' IS THE BIJOU'S BILL

"The Blue Mouse" one of Clyde Fitch's most successful and unique comedys will be the offering at the Bijou theater tonight by the World's Fair Stock Company, and according to reports the production of this piece will be a revelation to local theater goers.

That the World's Fair Stock Company has been an agreeable surprise to Bijou theater patrons goes without saying, and is, perhaps, the best balanced stock company seen here in years, while the repertoire of plays is unquestionably as good as it is possible to secure, with enough variety to satisfy the "constant patron."

In tonight's bill, Miss Brissac will be seen in a light comedy role, and is said to possess more than usual talent as a comedienne, while the balance of the company will be seen in play itself is an adaptation from the thing they have yet represented. The play itself is a adaptation from the French of America's most artistic dramatist, Clyde Fitch, and, although it has been criticized as being rather bold, Director Wray gives assurance that the dialogue and situations are void of being risqué. Certainly the comedy made a success on the mainland, and with a company as capable as Miss Brissac's a good, lively performance may be expected.

SANTA CLAUS GUEST OF THE MOOSE FAMILY

The celebration of the First Annual Afternoon of the Moose family was held at the Hawaiian opera house yesterday afternoon when Santa Claus made his appearance and bestowed gifts upon all the children of the Moose. The big opera house was crowded to the doors and although there were many adults present, the greater part of the attendance was composed of children. It was a Christmas celebration well worth seeing, and from the noise and singing which burst forth at times everybody had a good time, and it is evident that the Moosers will have to secure a larger place to accommodate the crowd next year.

An interesting program was rendered, and a good part of the enjoyment of the afternoon is due to the military band from Schofield Barracks Lodge No 1060. A clever recitation was given by Miss Ellerbrock and William Kerr sang a solo. And then Santa Claus arrived, and made a great hit, as he promised the youngsters that he was going to come every year.

The affair was a great success and much of the credit is due to Chairman G. S. Leithead, who had charge of the arrangements, and it has been planned to celebrate the event next year on a larger scale.

POLICE FIND MUCH PLUNDER

The office of Deputy Chief of Detectives Kellett this morning much resembled a bargain counter, following a successful raid by an army of shoppers.

Wearing apparel such as coats, trousers, suspenders, shirts, neckwear, shoes, also articles of jewelry, including seven watches both gold and silver, sleeve links, neck scarf pins, razors, and in fact a large and varied assortment of just plain "junk" included in the list.

Three Filipinos, giving names of Abria, Leonardo and Espinosa, are now in custody and according to evidence gathered by the police stand a fair chance of having to face a charge of burglary.

The story as told by the officers is to the effect that for some weeks past, many articles have been missing from Japanese lodging and tenement houses. In those instances, the victims have failed to report their losses, awaiting a notification from police headquarters before presenting themselves to claim missing property.

Deputy Kellett, and several officers paid a visit to the Magoon building yesterday afternoon. They found a number of Filipinos who had forsaken plantation life, residing there. From one apartment to another the officers journeyed, until they came upon a room littered with the material that now adorns the office of the chief of detectives. It was not long before the tenants of the room appeared on the scene. They were promptly placed under arrest, and as a result of a close cross questioning, much of the property can be restored to the owners.

In a search of the room, the police ran across a large bunch of keys, which for the most part are "skeletons" and can be used in opening a wide variety of locks.

The officers are still at work on the case and hope within a very short time to have a bunch of petty house thieves run down, and the booty recovered.

SIERRA PEOPLE HELPED 'KIDS'

Eddie Fernandez, the well known local sportsman and politician, writes the Star-Bulletin under date of December 20 as follows, giving further particulars of the benefit concert on board the Sierra for the children of the Kalihi receiving station:

"Arrived here today on the Sierra, and must say that I enjoyed the trip very much although we had a few days of bumpy weather, and as the Lord said 'the ocean needs pressing out,' I write you in order to explain my wireless which no doubt you received. I promoted a benefit concert for the children at the Kalihi receiving station while aboard the steamer and succeeded in getting fifty dollars.

"I am enclosing you a check for twenty-three dollars and W. B. Hopkins will come over and give you the remaining twenty-seven which I trust you will accept and turn over to the kiddies. The program rendered at the concert was as follows:

BRIGHT'S DISEASE

Report—Case of Mr. B. Grimes, Clear Lake, Wis., a well developed case, albumen nearly twenty-five per cent—loss in weight—incapacitated, could hardly get around. Treatment changed and put on Renal Compound Feb. 12, 1909—between six and seven weeks before improvement was noted. Case began to respond about the seventh week—improvement thereafter steady. On Aug. 15, 1909, Dr. Goodwin reported the last trace of albumen had disappeared. September 15, 1909, still no albumen and patient

feeling so well that the above report was sent in voluntarily.

The agent employed in the above case was Fulton's Renal Compound. Where it is administered before the heart has broken down and there is still recuperative power, Bright's Disease, even in stubborn and supposed incurable forms, often yields.

Fulton's Renal Compound can be had of Honolulu Drug Co. Ask for pamphlet.

We desire every patient to write us who is not improving the third week. Jno. J. Fulton Co., San Francisco, Cal.—advertisement.

WEEK OPENS WITH STOCKS STRONGER

With a small amount of business doing, stocks are appreciably stronger this week opening. Ewa shows a gain of a quarter point to 24.75 for 5 and 20 shares reported, while Olan is steady at 4 for 100 shares reported and 30 shares in three unequal lots on the board. Brewery has advanced a clear point to 22.50 for 5 and 15 shares on the board. In the cases of several sugar stocks bids in advance of last sale quotations fail to bring any shares on the market.

A long expected clash occurred in the English Commons between Lord Charles Beresford and Winston Churchill. Both bitterly denounced each other over admiralty affairs.
